Dear Mr Landy,

The Trustee refers to its correspondence dated 18 May 2026 titled:

"NOTICE — REQUEST FOR ADMINISTRATIVE CLARIFICATION AND RECONCILIATION"
(Lal Lal Wind Farm — Planning Permit PL-SP/05/0461-2)

The Trustee also refers to its follow-up correspondence dated 26 May 2026 enquiring only as to whether any updated status information or indicative timeframe was available concerning the matters raised.

As at the date of this correspondence, the Trustee has not received any acknowledgement or substantive response to that correspondence.

The Trustee notes that the purpose of the Notice was confined to seeking administrative clarification regarding aspects of the final permit instrument and the relationship between the publicly exhibited amendment material, the final amendment as issued, and the associated administrative record. The correspondence was provided for record purposes only and did not seek enforcement action, review of the Department's decision, or any other administrative outcome.

In those circumstances, and recognising that a reasonable opportunity has now been available for any response the Department considered appropriate, the Trustee will proceed on the basis of the administrative record presently available.

Should the Department at any future time consider it appropriate to provide clarification concerning any of the matters identified in the Trustee's correspondence of 18 May 2026, that material will, of course, be received and incorporated into the Trustee's administrative record.

No further response is required unless the Department wishes to provide such clarification.

Thank you for your consideration.

Kind regards,

LEWIS TROJAN HORSE PTY LTD
